ALL FOUR TOURNAMENTS 25,000 PAYOUTS EACH

The Majors are set up this way, on the Monday before the tournament starts, they come out with the rankings of every golfer in the field. The top row will have the top 10 names, while the row going down will have the 11-20 golfers.

Each round the golfer(s) one top and going down with the lowest score each day will determine each round winner, note: all rounds are subject to multiple winners. *EXAMPLE BELOW:*

Round 1 the two names listed shot the lowest score, box 54 would win.

Round 2 was a tie, so two boxes would split, 63 & 70.....

Round 3 would be box 1

Round 4 would be box 16

The Final/Total: The best overall score from the top and the best overall score going down, box 11 would win.

NOTE: POOL CAN WORK WITH JUST 50 MEMBERS AS WELL. PAYOUTS WOULD BE ½ OF WHAT'S SHOWN.
